3. BREAKDOWN OF CRIMINAL CASES CLOSED BY CCPA

12/1/18 to 11/30/19	FELONY	MISDEMEANORS ³	TOTAL ¹
Guilty Pleas	499 counts	3,435 counts	3,934 guilty pleas

² Includes dispositions such as dismissed per plea to another charge, successful completion of drug court, victim or witness unavailable, deferred prosecution agreement, PCRs, CAFAs and/or defendant now legal, transfer to US Attorney, Special Prosecutor, etc.

³ Includes infractions, county orders and other non-felony dispositions.

The chart above reflects an overall decrease of approximately 2.6% in charges disposed during the 2020 reporting year as compared to the 2019 reporting year. There has been an approximate 16.5% decline in the number of felony charges disposed during 2020 reporting year as compared to the 2019 reporting year, while there has been a 1.8% increase in the number of misdemeanor charges disposed. Other than 2019, the total number of dispositions is greater than any other reporting year between 2011 and 2018.

This is of note because during 2020 the pandemic caused significant periods of time when it was not possible to hold jury trials. There were significant limitations on personally appearing in court. There were mass resets of numerous dockets. There were significant efforts to continue to dispose of cases as possible. 2020 saw significant increase in the use of technology. While we continued to appear in person in some courtrooms throughout 2020, in other courtrooms we were appearing remotely. There are various examples of witnesses in preliminary hearings, probation violation hearings appearing remotely. Many defendants were seen from remotely for various appearances and pleas. Further our office benefitted from CARES Act funding two additional investigators and three Assistant Prosecuting Attorneys for approximately four months. The APAs aided in preparing cases for trial and pleading cases assigned to them.

Further, it is of note to see the five year look back reflects an almost 45% increase in the total number of charges disposed during the 2020 reporting year as compared to the 2015 reporting year. There was an approximate 25% increase in the number of felony charges disposed during the 2020 reporting year as compared to the 2015 reporting year. For misdemeanor charges it reflects a 51% increase in number of misdemeanor charges disposed during the 2020 reporting year as compared to the 2015 reporting year.
